

## ***Launch of the Réseau BIBLIO de l'Outaouais's website in English version***

**Gatineau, July 2, 2020** — In the past few years, the Réseau BIBLIO de l'Outaouais has modernized its image, developed new tools and acquired a user-friendly, dynamic, easy-to-use website, adapted to mobile devices, allowing the public to have access to services at your fingertips, anytime.

The Réseau BIBLIO de l'Outaouais is proud to announce today the launch of the English version of its website at [www.reseaubibliooutaouais.qc.ca/en](http://www.reseaubibliooutaouais.qc.ca/en) by meeting the needs of the region's citizens for services in English and aiming for greater interactivity between libraries and their patrons.

This site is the gateway to access the contact details, services and activities of municipal libraries that are members of the Réseau BIBLIO. In addition, the website provides access to all online library services, including subscription, direct access to the catalog, the loan of thousands of books and digital journals, the interlibrary loan service with the application ZPortal, online and self-study courses and simplified tools for genealogy. Patrons can also access their account, make reservations and renewals remotely.

The Réseau BIBLIO de l'Outaouais website is constantly evolving and we hope to offer new features over the next few years that will meet other patrons' needs.
